Careerometer

The widget can be used to explore and compare key information about occupations to support the process of identifying potential careers.

The Careerometer widget provides access to a selection of headline data relating to pay, weekly hours of work and future employment prospects.

The data are organised by occupation: simply type in the title of the job you are interested in and the widget provides a series of options from which you can select the most relevant to you.

```

Skillsometer

Skillsometer can help you discover what jobs you might like to do in the future. You will be presented with a series of statements. Select the emoji that shows how you feel about each statement. You will be given suggestions of jobs linked to what you most enjoy doing.
